RUDOLF HESS: 25 Years of Martyrdom

"Wir stehen mitten in einer grossen Zeitenwende. Was wir alle durchmachen sind ihre Geburtswehen. Alles scheint negativ--- und einmal wird dann doch Neues und Grosses geboren werden..."

---R. Hess (Letter to his wife from Prison)

For a quarter of a century---on 10 May---Rudolf Hess has been held in prison. His sole "crime" was trying to end the Second World War among Aryan nations on that date in 1941. For his heroic efforts he was condemned to life imprisonment.

If Hess had been a first-degree murderer, he would---according to the law in many Western countries---have been released long ago. But his "crime" of trying to bring about real peace between White nations is still regarded as unforgivable by those powers which started World War II.

On the 25th anniversary of Hess' daring flight to Scotland, National Socialists everywhere are urged to launch new efforts to dramatize the plight of this Prisoner of Peace. This should be more than a mere one-day affair, however. It should signal the start of a special "Free Rudolf Hess Year."

All WUNS sections and affiliates are urged to plan appropriate campaigns demanding Hess' immediate and unconditional release. Demonstrations should be directed toward the embassies, consulates and other official offices of those responsible for Hess' continuing confinement: the United States, Great Britain, France, the Soviet Union, as well as West Germany.

In the meantime, may the fate of National Socialism's greatest Living Martyr serve to call forth greater dedication, greater determination, greater effort and greater sacrifice on the part of all National Socialists.
